Friess Small Cap Growth Fund

Investment Objective

The Friess Small Cap Growth Fund's (the "Fund") investment objective is to seek capital appreciation.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

	Institutional Class	Investor Class
Shareholder Fees <i>(fees paid directly from your investment)</i>	None	None
Annual Fund Operating Expenses <i>(expenses that you pay each year as a percentage of the value of your investment)</i>	Institutional Class	Investor Class
Management Fees	1.00%	1.00%
Distribution and Service (Rule 12b-1) Fee	0.00%	0.25%
Shareholder Servicing Plan Fees	0.15%	0.15%
Other Expenses	0.35%	0.34%
Total Annual Fund Operating Expenses	1.50%	1.74%
Less: Fee Waiver ⁽¹⁾	(0.30)%	(0.29)%
Total Annual Fund Operating Expenses After Fee Waiver⁽¹⁾	1.20%	1.45%

⁽¹⁾ Friess Associates, LLC (the "Adviser" or "Friess") has contractually agreed to waive its management fees and pay Fund expenses in order to ensure that Total Annual Fund Operating Expenses (excluding acquired fund fees and expenses ("AFFE"), leverage/borrowing interest, interest expense, taxes, brokerage commissions, and extraordinary expenses) do not exceed 1.20% of the average daily net assets of the Institutional Class and 1.45% of the average daily net assets of the Investor Class. Fees waived and expenses paid by the Adviser may be recouped by the Adviser for a period of 36 months following the month during which such fee waiver and/or expense payment was made, if such recoupment can be achieved without exceeding the expense limit in effect at the time the fee waiver and/or expense payment occurred and the expense limit in place at the time of recoupment. The Operating Expenses Limitation Agreement is indefinite, but cannot be terminated through at least April 30, 2019. Thereafter, the agreement may be terminated at any time upon 60 days' written notice by the Trust's Board of Trustees (the "Board") or the Adviser, with the consent of the Board.

Example

This Example is intended to help you compare the costs of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same (taking into account the expense limitation for one year). Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

	<u>One Year</u>	<u>Three Years</u>	<u>Five Years</u>	<u>Ten Years</u>
Institutional Class	\$122	\$445	\$790	\$1,765
Investor Class	\$148	\$520	\$917	\$2,028

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in the annual fund operating expenses or in the Example, affect the Fund's performance. During the most recent

fiscal period from May 31, 2017 to December 31, 2017, the Fund's portfolio turnover rate was 126% of the average value of its portfolio.

Principal Investment Strategies

Under normal market conditions, the Fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in equity securities issued by smaller capitalization companies. The Fund invests principally in common stocks of U.S. companies but may also invest in equity securities of foreign issuers, usually those that are publicly traded in the United States either directly or through American Depositary Receipts ("ADRs").

The Fund defines smaller capitalization companies as companies having market capitalizations at the time of purchase within the market capitalization range of companies included in Russell 2000[®] Index at the date of the last reconstitution of the Index. As of June 23, 2017, the date of the Index's latest reconstitution (implemented by the Index on June 24, 2017), the capitalization range of the Russell 2000[®] Index was between \$144 million and \$4.4 billion.

The Fund utilizes a fundamentals-driven, company-by-company investment approach that is based on the premise that companies generating strong earnings growth should see their stock price rise. The Fund invests in companies in a broad range of industries, generally focusing on companies delivering at least 20% year-over-year earnings growth (under normal economic conditions) with shares that sell at reasonable price-to-earnings ratios, typically less than 30 times forward earnings estimates as determined by the Adviser or Friess Associates of Delaware, LLC as sub-adviser of the Fund ("Friess of Delaware" or the "Sub-Adviser"). The Fund targets fundamentally sound companies that are experiencing positive change, such as new products, new management teams or members, acquisitions or divestitures, or legislative changes. The Fund's annual portfolio turnover rate may exceed 250%.

The Fund employs a firm sell discipline. The Fund will sell a portfolio holding when:

- The company's fundamentals deteriorate such as contracting profit margins or reduced revenue growth;
- The Adviser or Sub-Adviser believes investor expectations become unrealistically high regarding the company's outlook;
- The Adviser or Sub-Adviser identifies a better investment that needs capital to be made available to facilitate its purchase; or
- The holding's share price reaches the Adviser's or Sub-Adviser's target price.

Principal Risks

As with any mutual fund, there are risks to investing. An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental agency. In addition to possibly not achieving your investment goals, **you could lose all or a portion of your investment in the Fund over short or even long periods of time.** The principal risks of investing in the Fund are:

General Market Risk. The Fund's net asset value and investment return will fluctuate based upon changes in the value of its portfolio securities. Certain securities selected for the Fund's portfolio may be worth less than the price originally paid for them, or less than they were worth at an earlier time.

Management Risk. The Fund may not meet its investment objective or may underperform the market or other mutual funds with similar strategies if the Adviser or Sub-Adviser cannot successfully implement the Fund's investment strategies.

Equity Securities Risk. The equity securities held in the Fund's portfolio may experience sudden, unpredictable drops in value or long periods of decline in value. This may occur because of factors that affect securities markets generally or factors affecting specific industries, sectors, geographic markets or companies in which the Fund invests.

Small-Cap Companies Risk. Investing in securities of small-cap companies may involve greater volatility than investing in larger, more established companies. The securities of small-cap companies may have greater price volatility and less liquidity than the securities of larger companies. The Fund may hold a significant percentage of a company's outstanding shares and may have to sell its shares at a discount from quoted prices.

Growth-Style Investing Risk. Investors expect growth companies to increase their earnings at a rate that is generally higher than the rate expected for non-growth companies. If a growth company does not meet these expectations, the price of its stock may decline significantly, even if it has increased earnings. Growth companies also typically do not pay dividends. Companies that pay dividends may experience less significant stock price declines during market downturns.

Foreign Securities Risk. Investments in securities issued by foreign companies involve risks not generally associated with investments in the securities of U.S. companies, including risks relating to political, social, and economic developments abroad and differences between U.S. and foreign regulatory and tax requirements and market practices, including fluctuations in foreign currencies.

Depository Receipts Risk. Depository receipts are generally issued by a bank or trust company and evidence ownership of underlying foreign securities. Depository receipts are generally subject to the same risks as the foreign securities because their values depend on the performance of the underlying foreign securities.

Portfolio Turnover Risk. A high portfolio turnover rate (100% or more) has the potential to result in the realization and distribution to shareholders of higher capital gains, which may subject you to a higher tax liability.

Performance

The Fund is a successor to the Friess Small Cap Trust (the "Predecessor Fund"), an unregistered Delaware Business Trust that commenced operations on August 6, 2002. The Predecessor Fund was reorganized into the Fund by transferring all of the Predecessor Fund's assets to the Fund in exchange for Institutional Class shares of the Fund on May 31, 2017, the date that the Fund commenced operations (the "Reorganization").

Performance for the period until the Reorganization is for the Predecessor Fund. From its inception through the date of the Reorganization, the Predecessor Fund was not subject to certain investment restrictions, diversification requirements and other restrictions of the Investment Company Act of 1940, as amended (the "1940 Act") or Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"), which, if they had been applicable, might have adversely affected the Predecessor Fund's performance. After the Reorganization, the Fund's performance was calculated using the standard formula set forth in rules promulgated by the SEC, which differs in certain respects from the methods used to compute total return for the Predecessor Fund.

The information below provides some indications of the risks of investing in the Fund. The bar chart shows how the performance for the Institutional Class shares of the Fund and the Predecessor Fund varied from year to year. The past performance shown below is not necessarily an indication of how the Fund

will perform in the future. Updated performance information will be available on the Fund’s website at www.friessfunds.com or by calling the Fund toll-free at 855-656-3017.

Best Quarter	Worst Quarter
Q4 2010 16.08%	Q3 2011 -25.45%

Average Annual Total Returns for the periods ended December 31, 2017

Institutional Class Shares	One Year	Five Years	Ten Years
Return Before Taxes	30.13%	20.57%	5.40%
Return After Taxes on Distributions	N/A	N/A	N/A
Return After Taxes on Distributions and Sale of Fund Shares	N/A	N/A	N/A
Investor Class Shares			
Return Before Taxes ⁽¹⁾	29.82%	20.27%	5.14%
Russell 2000 [®] Index (reflects no deductions for fees, expenses or taxes)	14.65%	14.12%	8.71%
Russell 2000 [®] Growth Index (reflects no deductions for fees, expenses or taxes)	22.17%	15.21%	9.19%

(1) The Fund offers two classes of shares. The Investor Class commenced operations on May 31, 2017. Performance shown prior to inception of the Investor Class is based on the performance of the Predecessor Fund, adjusted for the higher expenses applicable to Investor Class shares.

After tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on your situation and may differ from those shown. Furthermore, the after-tax returns shown are not relevant to investors who hold their shares through tax-advantaged arrangements such as 401(k) plans or individual retirement accounts (“IRAs”). Prior to the Reorganization, the Fund was an unregistered trust that did not qualify as a regulated investment company for federal income tax purposes and did not pay dividends and distributions. As a result of the different tax treatment, the Fund is unable to show after-tax returns for periods prior to May 31, 2017.

Management

Investment Adviser and Sub-Adviser

Friess Associates, LLC is the Fund’s investment adviser. Friess Associates of Delaware, is the Fund’s sub-adviser.

Portfolio Manager

Scott W. Gates, Portfolio Manager and Chief Investment Officer of the Adviser and Sub-Adviser since 2013, is the portfolio manager responsible for the day-to-day management of the Fund. Mr. Gates has managed the Fund since its inception in May 2017, and served as the portfolio manager to the Predecessor Fund since September 2012.

Purchase and Sale of Fund Shares

You may purchase or redeem Fund shares on any day that the New York Stock Exchange (“NYSE”) is open for business by written request via mail (Friess Small Cap Growth Fund, c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701), by wire transfer, by contacting the Fund by telephone at 855-656-3017, or through a financial intermediary. The minimum initial and subsequent investment amounts for each share class are shown below. The Fund may reduce or waive the minimums in its sole discretion.

	Minimum Initial Investment	Subsequent Minimum Investment
Institutional Class	\$100,000	\$100
Investor Class	\$2,000	\$100

Tax Information

The Fund’s distributions are taxable, and will be taxed as ordinary income or capital gains, unless you are a tax-exempt organization or are investing through a tax-advantaged arrangement such as a 401(k) plan or IRA. Distributions on investments made through tax-advantaged arrangements may be taxed as ordinary income when withdrawn from those accounts.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase Fund shares through a broker-dealer or other financial intermediary (such as a bank or financial advisor), the Fund and/or its Adviser may pay the intermediary for the sale of Fund shares and related services. These payments may create conflicts of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

Investment Objective, Strategies, Risks and Disclosure of Portfolio Holdings

Investment Objective

The Fund's investment objective is to seek capital appreciation. The Fund's investment objective is not fundamental and may be changed without the approval of the Fund's shareholders upon 60 days' prior written notice to shareholders.

Principal Investment Strategies

Under normal market conditions, the Fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in equity securities issued by smaller capitalization companies. The Fund will invest principally in common stocks of U.S. companies but will also invest in equity securities of foreign issuers, usually those that are publicly traded in the United States either directly or through ADRs. In addition to common stocks the equity securities in which the Fund may invest include preferred stocks, convertible securities and rights.

The Fund defines smaller capitalization companies as companies having market capitalizations within the market capitalization range of companies included in Russell 2000[®] Index at the date of the last reconstitution of the Index. As of June 23, 2017, the date of the Index's latest reconstitution (implemented by the Index June 24, 2017), the capitalization range of the Russell 2000[®] Index was between \$144 million and \$4.4 billion.

The Fund utilizes a fundamentals-driven, company-by-company investment approach that is based on the premise that companies generating strong earnings growth should see their stock price rise. The Adviser and Sub-Adviser believe the Fund is most likely to achieve its investment objective if it consistently invests in companies with earnings growth that exceeds the expectations of the investment community. Accordingly, the Fund invests in companies that the Adviser and Sub-Adviser believe are fundamentally sound and experiencing positive change. The Adviser and Sub-Adviser believe fundamentally sound companies generally have some or all of the following attributes under normal economic conditions:

- Earnings growth typically more than 20% annually
- High rates of profitability
- Strong balance sheets
- High quality of earnings (i.e., earnings realized through the normal sale of products or services rather than earnings or losses from non-recurring events)

The types of positive change companies experience could be:

- New products
- New management teams or members
- Acquisitions or divestitures
- Legislative changes

The Fund employs a firm sell discipline. The Fund will sell a portfolio holding when:

- The company's fundamentals deteriorate such as contracting profit margins or reduced revenue growth;
- The Adviser or Sub-Adviser believes investor expectations become unrealistically high regarding the company's outlook;
- The Adviser or Sub-Adviser identifies a better investment that needs capital made available to facilitate its purchase; or

- The holding's share price reaches the Adviser's or Sub-Adviser's target price.

This sell discipline is likely to cause the Fund to have an annual portfolio turnover rate that may exceed 250%.

Temporary Strategies; Cash or Similar Investments. At the Adviser or Sub-Adviser's discretion, the Fund may invest in high-quality, short-term debt securities and money market instruments for (i) temporary defensive purposes in response to adverse market, economic, or political conditions, and (ii) retaining flexibility in meeting redemptions, paying expenses, and identifying and assessing investment opportunities. These short-term debt securities and money market instruments include cash, shares of other mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. government securities, and repurchase agreements. To the extent that the Fund invests in money market mutual funds for its cash position, there will be some duplication of expenses because the Fund will bear its pro rata portion of such money market Fund's management fees and operational expenses. When investing for temporary defensive purposes, the Adviser or Sub-Adviser may invest up to 100% of the Fund's total assets in such instruments. Taking a temporary defensive position may result in the Fund not achieving its investment objective.

Principal Risks of Investing in the Fund

Before investing in the Fund, you should carefully consider your own investment goals, the amount of time you are willing to leave your money invested and the amount of risk you are willing to take. Remember, in addition to possibly not achieving your investment goals, **you could lose all or a portion of your investment in the Fund.** The principal risks of investing in the Fund are:

General Market Risk. The net asset value and investment return of the Fund will fluctuate based upon changes in the value of the Fund's portfolio securities. The market value of a security may move up or down, sometimes rapidly and unpredictably. These fluctuations may cause a security to be worth less than the price originally paid for it, or less than it was worth at an earlier time. Market risk may affect a single issuer, industry, sector of the economy, or the market as a whole. U.S. and international markets have experienced, and may continue to experience, volatility, which may increase risks associated with an investment in the Fund. The market value of securities in which the Fund invests is based upon the market's perception of value, and is not necessarily an objective measure of the securities' value. In some cases, for example, the stock prices of individual companies have been negatively affected even though there may be little or no apparent degradation in the financial condition or prospects of the issuers. Similarly, the debt markets have experienced substantially lower valuations, reduced liquidity, price volatility, credit downgrades, increased likelihood of default and valuation difficulties. As a result of this significant volatility, many of the following risks associated with an investment in the Fund may be increased. Continuing market volatility may have adverse effects on the Fund.

Management Risk. The ability of the Fund to meet its investment objective is directly related to the Adviser's or Sub-Adviser's investment strategies for the Fund. The value of your investment in the Fund may vary with the effectiveness of the Adviser's or Sub-Adviser's research, analysis and asset allocation among portfolio securities. If the Adviser's or Sub-Adviser's investment strategies do not produce the expected results, the value of your investment could be diminished or even lost entirely, and the Fund could underperform the market or other mutual funds with similar investment objectives.

Equity Securities Risk. The Fund's investments in equity securities are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. These investor perceptions are based on various and unpredictable factors including: expectations regarding government, economic, monetary and fiscal policies; inflation and interest rates; economic expansion or contraction; global and/or regional political, economic and

banking crises; and factors affecting specific industries, sectors or companies in which the Fund invests. The Fund's net asset value and investment return will fluctuate based upon changes in the value of its portfolio securities.

Small-Cap Companies Risk. The small-cap companies in which the Fund invests may not have the management experience, financial resources, product or business diversification and competitive strengths of large-cap companies. Therefore, these securities may have more price volatility and be less liquid than the securities of larger, more established companies. Small-cap company stocks may also be bought and sold less often and in smaller amounts than larger company stocks. Because of this, if the Adviser or Sub-Adviser want to sell a large quantity of a small-cap company stock, it may have to sell at a lower price than it might prefer, or it may have to sell in smaller than desired quantities over a period of time. Analysts and other investors may follow these companies less actively, and therefore information about these companies may not be as readily available as that for large-cap companies.

Growth-Style Investing Risk. Investors expect growth companies to increase their earnings at a rate that is generally higher than the rate expected for non-growth companies. If a growth company does not meet these expectations, the price of its stock may decline significantly, even if it has increased earnings. Growth companies also typically do not pay dividends. Companies that pay dividends may experience less significant stock price declines during market downturns.

Foreign Securities Risk. The risks of investing in securities of foreign companies involves risks not generally associated with investments in securities of U.S. companies, including risks relating to political, social and economic developments abroad and differences between U.S. and foreign regulatory and tax requirements, and market practices. Securities that are denominated in foreign currencies are subject to the further risk that the value of the foreign currency will fall in relation to the U.S. dollar and/or will be affected by volatile currency markets or actions of U.S. and foreign governments or central banks. Foreign securities may be subject to greater fluctuations in price than securities of U.S. companies because foreign markets may be smaller and less liquid than U.S. markets. There may be less information publicly available about foreign companies than about a U.S. company, and many foreign companies are not subject to accounting, auditing, and financial reporting standards, regulatory framework and practices comparable to those in the U.S.

Depository Receipts Risk. Depository receipts are generally issued by a bank or trust company and evidence ownership of underlying foreign securities. Depository receipts are generally subject to the same risks as the foreign securities because their values depend on the performance of the underlying foreign securities. The Fund may invest in unsponsored depository receipts that are issued without an agreement with the company that issues the underlying foreign securities. Holders of unsponsored depository receipts generally bear all the costs of such depository receipts, and the issuers of unsponsored depository receipts frequently are under no obligation to distribute shareholder communications received from the company that issues the underlying foreign securities or to pass through voting rights to the holders of the depository receipts. As a result, there may not be a correlation between such information and the market values of unsponsored depository receipts.

Portfolio Turnover Risk. A high portfolio turnover rate (100% or more) has the potential to result in the realization by the Fund, and the distribution to shareholders, of a greater amount of capital gains than if the Fund had a low portfolio turnover rate. Distributions to shareholders of short-term capital gains are taxed as ordinary income under federal tax laws. A higher portfolio turnover rate could result in greater taxes, depending upon the type of accounting which you hold shares of the Fund. A higher portfolio turnover rate also causes the Fund to incur higher transaction costs associated with buying and selling portfolio securities.

Portfolio Holdings

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio holdings is available in the Statement of Additional Information ("SAI").

Management of the Fund

Investment Adviser and Sub-Adviser

The Fund has entered into an investment advisory agreement ("Advisory Agreement") with Friess Associates, LLC located at P.O. Box 576, Jackson, Wyoming 83001. Friess may delegate some or all of its investment advisory responsibilities to its affiliate, Friess Associates of Delaware, LLC located at P.O. Box 4166, Greenville, Delaware 19807, pursuant to a sub-advisory agreement (the "Sub-Advisory Agreement"). As of March 31, 2018, Friess and Friess of Delaware on a combined basis had approximately \$1.269 billion in assets under management. Friess and Friess of Delaware were established in 1974 and 1993, respectively.

The Adviser and, if so delegated, the Sub-Adviser supervise the investment portfolio of the Fund, directing the purchase and sale of investment securities in the day-to-day management of the Fund. In allocating brokerage business for the Fund, the Adviser and Sub-Adviser take into consideration the research, analytical, statistical and other information and services provided by the broker, such as general economic reports and information, reports or analyses of particular companies or industry groups, market timing and technical information, and the availability of the brokerage firm's analysts (or analysts of other firms retained by the broker) for consultation.

The Fund is obligated by the Advisory Agreement to pay an annual management fee to the Adviser of 1.00% of the average daily net assets of the Fund. Under the Sub-Advisory Agreement, Friess, not the Fund, pays Friess of Delaware a fee equal to 110% of the monthly expenses Friess of Delaware incurs in performing its services as Sub-Adviser.

Fund Expenses. The Fund is responsible for its own operating expenses. Pursuant to an Operating Expenses Limitation Agreement between the Adviser and the Trust, on behalf of the Fund, the Adviser has agreed to waive its management fees, and pay Fund expenses, in order to ensure that Total Annual Fund Operating Expenses (excluding AFFE, leverage/borrowing interest, interest expense, taxes, brokerage commissions, and extraordinary expenses) do not exceed 1.20% of the average daily net assets of the Institutional Class and 1.45% of the average daily net assets of the Investor Class. Management fees waived and expenses paid by the Adviser may be recouped by the Adviser for a period of 36 months following the month during which such fee waiver and expense reimbursement was made, if such recoupment can be achieved without exceeding the expense limit in effect at the time the fee waiver and reimbursement occurred and at the time of the recoupment. The Operating Expenses Limitation Agreement is indefinite, but cannot be terminated through at least April 30, 2019. Thereafter, the agreement may be terminated at any time upon 60 days' written notice by the Board or the Adviser, with the consent of the Board.

A discussion regarding the basis of the Board's approval of the Advisory Agreement is available in the Fund's semi-annual report to shareholders for the period ended June 30, 2017.

The Fund, as a series of the Trust, does not hold itself out as related to any other series of the Trust for purposes of investment and investor services, nor does it share the same investment adviser with any other series.

Portfolio Manager

Scott W. Gates is the portfolio manager of the Fund and is primarily responsible for the day-to-day management of the Fund. All investment decisions are made by a team of investment professionals representing the Adviser and Sub-Adviser, any of whom may make recommendations subject to the final approval of Mr. Gates, or another member of the Adviser's management team to whom Mr. Gates may delegate the authority. Mr. Gates is Chief Investment Officer of Friess and Friess of Delaware, positions he has held since March 2013. Previously, from September 2012 until March 2013, he served as Co-Chief Investment Officer of Friess and Friess of Delaware. Mr. Gates has been a team leader since 2008, a member of the Management Committee of Friess and Friess of Delaware since 2010, and a key member of the research team since joining Friess in 2003.

The SAI provides additional information about the portfolio manager's compensation, other accounts managed by the portfolio manager, and the portfolio manager's ownership of Fund shares.

Shareholder Information

Pricing of Fund Shares

The price of each class of the Fund's shares is its net asset value ("NAV"). The NAV of each class is calculated by dividing its total assets, less its liabilities, by the number of its shares outstanding. The NAV of each class is calculated at the close of regular trading of the NYSE, which is generally 4:00 p.m., Eastern Time. The NAV of each class will not be calculated nor may investors purchase or redeem Fund shares on days that the NYSE is closed for trading, even though certain Fund securities (i.e., foreign or debt securities) may trade on days the NYSE is closed and such trading may materially affect the NAV.

The Fund's assets are generally valued at their market price using valuations provided by independent pricing services. Fixed income securities with remaining maturities of 60 days or less are valued at amortized cost. When market quotations are not readily available, a security or other asset is valued at its fair value as determined under fair value pricing procedures approved by the Board. These fair value pricing procedures will also be used to price a security when corporate events, events in the securities market and/or world events cause the Adviser to believe that a security's last sale price may not reflect its actual market value. The intended effect of using fair value pricing procedures is to ensure that the Fund is accurately priced. The Board will regularly evaluate whether the Trust's fair value pricing procedures continue to be appropriate in light of the specific circumstances of the Fund and the quality of prices obtained through the application of such procedures by the Trust's valuation committee.

When fair value pricing is employed, security prices that the Fund uses to calculate its NAV may differ from quoted or published prices for the same securities. Due to the subjective and variable nature of fair value pricing, it is possible that the fair value determined for a particular security may be materially different (higher or lower) from the price of the security quoted or published by others, the value when trading resumes, and/or the value realized upon the security's sale. Therefore, if a shareholder purchases or redeems Fund shares when the Fund holds securities priced at a fair value, the number of shares purchased or redeemed may be higher or lower than it would be if the Fund were using market value pricing.

In the case of foreign securities, the occurrence of certain events (such as a significant surge or decline in the U.S. or other markets) after the close of foreign markets, but prior to the time the Fund's NAV is calculated will often result in an adjustment to the trading prices of foreign securities when foreign markets open on the following business day. If such events occur, the Fund will value foreign securities at fair value, taking into account such events, in calculating the NAV. In such cases, use of fair valuation can reduce an investor's ability to profit by estimating the Fund's NAV in advance of the time the NAV is

calculated. In addition, the Fund's investments in smaller capitalization companies are more likely to require a fair value determination because they may be more thinly traded and less liquid than securities of larger companies. The Trust anticipates that the Fund's portfolio holdings will be fair valued only if market quotations for those holdings are unavailable or considered unreliable.

How to Purchase Fund Shares

Shares of the Fund are purchased at the NAV per share next calculated after your purchase order is received in good order by the Fund (as defined below). Shares may be purchased directly from the Fund or through a financial intermediary, including but not limited to, certain brokers, financial planners, financial advisors, banks, insurance companies, retirement, benefit and pension plans or certain packaged investment products.

Shares of the Fund have not been registered and are not offered for sale outside of the United States. The Fund generally does not sell shares to investors residing outside the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses or in certain other circumstances where the Chief Compliance Officer and Anti-Money Laundering Officer for the Trust conclude that such sale is appropriate and is not in contravention of U.S. law.

A service fee, currently \$25, as well as any loss sustained by the Fund, will be deducted from a shareholder's account for any purchases that do not clear. The Fund and U.S. Bancorp Fund Services, LLC, the Fund's transfer agent (the "Transfer Agent"), will not be responsible for any losses, liability, cost or expense resulting from rejecting any purchase order. Your initial order will not be accepted until a completed account application (an "Account Application") is received by the Fund or the Transfer Agent.

Investment Minimums. The minimum initial investment amount is \$2,000 for the Investor Class Shares and \$100,000 for the Institutional Class Shares. The minimum investment amount for subsequent investments is \$100 for all share classes. The Fund reserves the right to waive the minimum initial or subsequent investment amounts at its discretion. The Fund may waive the initial investment amount for employees of the Adviser or Sub-Adviser, institutional clients of the Adviser or Sub-Adviser or certain other separately managed accounts of the Adviser or Sub-Adviser. Shareholders will be given at least 30 days' written notice of any increase in the minimum dollar amount of initial or subsequent investments.

Purchases through Financial Intermediaries. For share purchases through a financial intermediary, you must follow the procedures established by your financial intermediary. Your financial intermediary is responsible for sending your purchase order and payment to the Fund's Transfer Agent. Your financial intermediary holds the shares in your name and receives all confirmations of purchases and sales from the Fund. Your financial intermediary may charge for the services that it provides to you in connection with processing your transaction order or maintaining an account with it.

If you place an order for the Fund's shares through a financial intermediary that is authorized by the Fund to receive purchase and redemption orders on its behalf (an "Authorized Intermediary"), your order will be processed at the applicable price next calculated after receipt by the Authorized Intermediary, consistent with applicable laws and regulations. Authorized Intermediaries are authorized to designate other Authorized Intermediaries to receive purchase and redemption orders on the Fund's behalf.

If your financial intermediary is not an Authorized Intermediary, your order will be processed at the applicable price next calculated after the Transfer Agent receives your order from your financial intermediary. Your financial intermediary must agree to send immediately available funds to the Transfer Agent in the amount of the purchase price in accordance with the Transfer Agent's procedures. If

payment is not received in a timely manner, the Transfer Agent may rescind the transaction and your financial intermediary will be held liable for any resulting fees or losses. Financial intermediaries that are not Authorized Intermediaries may set cut-off times for the receipt of orders that are earlier than the cut-off times established by the Fund.

Purchase Requests Must be Received in Good Order

Your share price based on the next NAV per share calculated after the Transfer Agent or your Authorized Intermediary receives your purchase request in good order. “Good order” means that your purchase request includes:

- The name of the Fund to be purchased;
- The class of shares to be purchased;
- The dollar amount of shares to be purchased;
- Your account application or Invest By Mail form that is attached to your confirmation statement; and
- A check payable to the name of the Fund or a wire transfer received by the Fund.

An Account Application or subsequent order to purchase Fund shares is subject to acceptance by the Fund and is not binding until so accepted. The Fund reserves the right to reject any Account Application or purchase order if, in its discretion, it is in the Fund’s best interest to do so. For example, a purchase order may be refused if it appears so large that it would disrupt the management of the Fund. Purchases may also be rejected from persons believed to be “market-timers,” as described under “Tools to Combat Frequent Transactions,” below. Accounts opened by entities, such as credit unions, corporations, limited liability companies, partnerships or trusts, will require additional documentation. Please note that if any information listed above is missing, your Account Application will be returned and your account will not be opened.

Upon acceptance by the Fund, all purchase requests received in good order before the close of the NYSE (generally 4:00 p.m., Eastern time) will be processed at the applicable price next calculated after receipt. Purchase requests received after the close of the NYSE will be priced on the next business day.

Purchase by Mail. To purchase the Fund’s shares by mail, simply complete and sign the Account Application or the Invest By Mail form and mail it, along with a check made payable to the Fund, to:

Regular Mail

Friess Small Cap Growth Fund
c/o U.S. Bancorp Fund Services, LLC
P.O. Box 701
Milwaukee, WI 53201-0701

Overnight or Express Mail

Friess Small Cap Growth Fund
c/o U.S. Bancorp Fund Services, LLC
615 East Michigan Street, 3rd Floor
Milwaukee, WI 53202

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at the U.S. Bancorp Fund Services, LLC post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of purchase orders or redemption requests is determined as of the time the order is received at the Transfer Agent’s offices. All purchase checks must be in U.S. dollars drawn on a domestic financial institution. The Fund will not accept payment in cash or money orders. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler’s checks or starter checks for the purchase of shares. The Fund is unable to accept post-dated checks, or any conditional order or payment.

Purchase by Wire. If you are making your first investment in the Fund, the Transfer Agent must have a completed Account Application before you wire the Fund. You can mail or use an overnight service to

deliver your Account Application to the Transfer Agent at the above address. Upon receipt of your completed Account Application, the Transfer Agent will establish an account for you. Once your account has been established, you may instruct your bank to send the wire. Prior to sending the wire, please call the Transfer Agent at 855-656-3017 to advise them of the wire and to ensure proper credit upon receipt. Your bank must include the name of the Fund, your name and your account number so that your wire can be correctly applied. Your bank should transmit immediately available funds by wire to:

Wire to:	U.S. Bank N.A.
ABA Number:	075000022
Credit:	U.S. Bancorp Fund Services, LLC
Account:	112-952-137
Further Credit:	Friess Small Cap Growth Fund (Class of Shares to be Purchased) (Shareholder Name/Account Registration) (Shareholder Account Number)

Wired funds must be received prior to the close of the NYSE (generally 4:00 p.m., Eastern time) to be eligible for same day pricing. The Fund and U.S. Bank N.A., the Fund's custodian, are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.

Investing by Telephone. You may not make initial purchases of Fund shares by telephone. If you accepted telephone transactions on your Account Application or have been authorized to perform telephone transactions by subsequent arrangement in writing with the Fund and your account has been open for at least 15 calendar days, you may purchase additional shares by telephoning the Fund toll free at 855-656-3017. This option allows investors to move money from their bank account to their Fund account upon request. Only bank accounts held at domestic financial institutions that are Automated Clearing House ("ACH") members may be used for telephone transactions. The minimum telephone purchase amount is \$100. If your order is received prior to the close of the NYSE (generally 4:00 p.m., Eastern time), shares will be purchased in your account at the applicable price determined on the day your order is placed. Shareholders may encounter higher than usual call waiting times during periods of high market activity. Please allow sufficient time to place your telephone transaction. The Fund is not responsible for delays due to communications or transmission outages or failure. Once a telephone transaction has been placed, it cannot be canceled or modified after the close of regular trading on the NYSE (generally 4:00 p.m., Eastern time).

Subsequent Investments. The minimum subsequent investment amount is \$100. Shareholders will be given at least 30 days' written notice of any increase in the minimum dollar amount of subsequent investments. You may add to your account at any time by purchasing shares by mail, telephone, or wire. You must call to notify the Fund at 855-656-3017 before wiring. An Invest by Mail form, which is attached to each confirmation statement received from the Transfer Agent, should accompany any investments made through the mail. All subsequent purchase requests must include the Fund name and your shareholder account number. If you do not have the Invest by Mail form from your confirmation statement, include your name, address, Fund name and account number on a separate piece of paper.

Automatic Investment Plan. For your convenience, the Fund offers an Automatic Investment Plan ("AIP"). Under the AIP, after your initial investment, you may authorize the Fund to automatically withdraw any amount of at least \$100 that you wish to invest in the Fund, on a monthly or quarterly basis, from your personal checking or savings account. In order to participate in the AIP, your bank must be a member of the ACH network. If you wish to enroll in the AIP, complete the appropriate section in the Account Application. The Fund may terminate or modify this privilege at any time. You may terminate

your participation in the AIP at any time by notifying the Transfer Agent five days prior to the next scheduled investment. A fee will be charged if your bank does not honor the AIP draft for any reason.

Anti-Money Laundering Program. The Trust has established an Anti-Money Laundering Compliance Program (the “Program”) as required by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the “USA PATRIOT Act”) and related anti-money laundering laws and regulations. To ensure compliance with these laws, the Account Application asks for, among other things, the following information for all “customers” seeking to open an “account” (as those terms are defined in rules adopted pursuant to the USA PATRIOT Act):

- Full name;
- Date of birth (individuals only);
- Social Security or taxpayer identification number; and
- Permanent street address (a P.O. Box number alone is not acceptable).

In compliance with the USA PATRIOT Act and other applicable anti-money laundering laws and regulations, the Transfer Agent will verify the information on your account application as part of the Program. As requested on the account application, you must supply your full name, date of birth, social security number and permanent street address. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners. Mailing addresses containing only a P.O. Box will not be accepted. The Fund reserves the right to request additional clarifying information and may close your account if such clarifying information is not received by the Fund within a reasonable time of the request or if the Fund cannot form a reasonable belief as to the true identity of a customer. If you require additional assistance when completing your application, please contact the Transfer Agent at 855-656-3017.

Cancellations and Modifications. The Fund will not accept a request to cancel or modify a written transaction once processing has begun. Please exercise care when placing a transaction request.

How to Redeem Fund Shares

In general, orders to sell or “redeem” shares may be placed directly with the Fund or through a financial intermediary. You may redeem all or part of your investment in the Fund’s shares on any business day that the Fund calculates its NAV.

However, if you originally purchased your shares through a financial intermediary, your redemption order must be placed with the same financial intermediary in accordance with their established procedures. Your financial intermediary is responsible for sending your order to the Transfer Agent and for crediting your account with the proceeds. Your financial intermediary may charge for the services that they provide to you in connection with processing your transaction order or maintaining an account with them.

Shareholders who have an IRA or other retirement plan must indicate on their written redemption request whether to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding. Shares held in IRA or other retirement accounts may be redeemed by telephone at 855-656-3017. Investors will be asked whether or not to withhold taxes from any distribution.

Payment of Redemption Proceeds. You may redeem your Fund shares at the NAV per share next determined after the Transfer Agent or an Authorized Intermediary receives your redemption request in good order. Your redemption request cannot be processed on days the NYSE is closed. All requests received by the Fund in good order after the close of the regular trading session of the NYSE (generally 4:00 p.m., Eastern time) will usually be processed on the next business day. Under normal circumstances,

the Fund expects to meet redemption requests through the sale of investments held in cash or cash equivalents. In situations in which investment holdings in cash or cash equivalents are not sufficient to meet redemption requests, the Fund may also choose to sell portfolio assets for the purpose of meeting such requests. The Fund further reserves the right to distribute “in-kind” securities from the Fund’s portfolio in lieu (in whole or in part) of cash under certain circumstances, including under stressed market conditions. Redemptions-in-kind are discussed in greater detail below.

A redemption request will be deemed in “good order” if it includes:

- The shareholder’s name;
- The name of the Fund;
- The class of shares to be redeemed;
- The account number;
- The share or dollar amount to be redeemed; and
- Signatures by all shareholders on the account and signature guarantee(s), if applicable.

Additional documents are required for certain types of redemptions, such as redemptions from accounts held by credit unions, corporations, limited liability companies or partnerships, or from accounts with executors, trustees, administrators or guardians. Please contact the Transfer Agent to confirm the requirements applicable to your specific redemption request. Redemption requests that do not have the required documentation will be rejected.

While redemption proceeds may be paid by check sent to the address of record, the Fund is not responsible for interest lost on such amounts due to lost or misdirected mail. Redemption proceeds may be wired to your pre-established bank account or proceeds may be sent via electronic funds transfer through the ACH network using the bank instructions previously established for your account. The Fund typically sends the redemption proceeds on the next business day (a day when the NYSE is open for normal business) after the redemption request is received in good order and prior to market close, regardless of whether the redemption proceeds are sent via check, wire, or ACH transfer. Wires are subject to a \$15 fee. There is no charge to have proceeds sent via ACH; however, funds are typically credited to your bank within two to three days after redemption. Except as set forth below, proceeds will be paid within seven calendar days after the Fund receives your redemption request.

Please note that if the Transfer Agent has not yet collected payment for the shares you are redeeming, it may delay sending the proceeds until the payment is collected, which may take up to 12 calendar days from the purchase date. Furthermore, there are certain times when you may be unable to sell Fund shares or receive proceeds. Specifically, the Fund may suspend the right to redeem shares or postpone the date of payment upon redemption for more than seven calendar days: (1) for any period during which the NYSE is closed (other than customary weekend or holiday closings) or trading on the NYSE is restricted; (2) for any period during which an emergency exists as a result of which disposal by the Fund of its securities is not reasonably practicable or it is not reasonably practicable for the Fund to fairly determine the value of its net assets; or (3) for such other periods as the SEC may by order permit for the protection of shareholders. Your ability to redeem shares by telephone will be restricted for 15 calendar days after you change your address. You may change your address at any time by telephone or written request, addressed to the Transfer Agent. Confirmations of an address change will be sent to both your old and new address.

Signature Guarantee. Redemption proceeds will be sent to the address of record. The Transfer Agent may require a signature guarantee for certain redemption requests. A signature guarantee assures that your signature is genuine and protects you from unauthorized account redemptions. Signature guarantees can be obtained from domestic banks, brokers, dealers, credit unions, national securities exchanges,

registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program (“STAMP”), *but not from a notary public*. A signature guarantee, from either a Medallion program member or a non-Medallion program member, is required of each owner in the following situations:

- If ownership is being changed on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- When a redemption is received by the Transfer Agent and the account address has changed within the last 15 calendar days; and
- For all redemptions in excess of \$100,000 from any shareholder account.

Non-financial transactions, including establishing or modifying the ability to purchase and redeem Fund shares by telephone and certain other services on an account, may require a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source.

In addition to the situations described above, the Fund and/or the Transfer Agent reserve the right to require a signature guarantee or other acceptable signature verification in other instances based on the circumstances relative to the particular situation.

Redemption by Mail. You may execute most redemptions by furnishing an unconditional written request to the Fund to redeem your shares at the current NAV per share. Written redemption requests should be sent to the Transfer Agent at:

Regular Mail

Friess Small Cap Growth Fund
c/o U.S. Bancorp Fund Services, LLC
P.O. Box 701
Milwaukee, WI 53202-0701

Overnight or Express Mail

Friess Small Cap Growth Fund
c/o U.S. Bancorp Fund Services, LLC
615 East Michigan Street, 3rd Floor
Milwaukee, WI 53202

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at the U.S. Bancorp Fund Services, LLC post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent of the Fund. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent’s offices.

Wire Redemption. Wire transfers may be arranged to redeem shares. However, the Transfer Agent charges a fee, currently \$15, per wire redemption against your account on dollar specific trades, and from proceeds on complete redemptions and share-specific trades.

Telephone Redemption. If you have accepted telephone transactions on your Account Application or have been authorized to perform telephone transactions by subsequent arrangement in writing with the Fund, you may redeem shares, in amounts of \$100,000 or less, by instructing the Fund by telephone at 855-656-3017. Investors in an IRA or other retirement plan will be asked whether or not to withhold federal income tax.

In order to qualify for, or to change, telephone redemption privileges on an existing account, a signature guarantee, signature verification from a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source may be required of all shareholders in order to qualify for or to change telephone redemption privileges

on an existing account. Telephone redemptions will not be made if you have notified the Transfer Agent of a change of address within 15 calendar days before the redemption request. Shareholders may encounter higher than usual call waiting times during periods of high market activity. Please allow sufficient time to place your telephone transaction. The Fund is not responsible for delays due to communication or transmission outages or failures.

Note: Neither the Fund nor any of its service providers will be liable for any loss or expense in acting upon instructions that are reasonably believed to be genuine. To confirm that all telephone instructions are genuine, the Fund will use reasonable procedures, such as requesting that you correctly state:

- Your Fund account number;
- The name in which your account is registered; and/or
- The Social Security or taxpayer identification number under which the account is registered.

If an account has more than one owner or person authorized to perform transactions, the Fund will accept telephone instructions from any one owner or authorized person.

Systematic Withdrawal Program. The Fund offers a systematic withdrawal plan (“SWP”) whereby shareholders or their representatives may request a redemption in a specific dollar amount of at least \$100 be sent to them each month, calendar quarter, or annually. Investors may choose to have a check sent to the address of record, or proceeds may be sent to a pre-designated bank account via the ACH network. To start this program, your account must have Fund shares with a value of at least \$10,000. This program may be terminated or modified by the Fund at any time. Any request to change or terminate your SWP should be communicated in writing or by telephone to the Transfer Agent no later than five days before the next scheduled withdrawal. A withdrawal under the SWP involves redemption of Fund shares, and may result in a gain or loss for federal income tax purposes. In addition, if the amount requested to be withdrawn exceeds the rate of growth of assets in your account, including any dividends credited to your account, the account will ultimately be depleted. To establish the SWP, complete the SWP section of the Account Application. Please call 855-656-3017 for additional information regarding the SWP.

The Fund’s Right to Redeem an Account. The Fund reserves the right to redeem the shares of any shareholder whose account balance is less than \$2,000, other than as a result of a decline in the NAV of the Fund. The Fund will provide a shareholder with written notice 30 days prior to redeeming the shareholder’s account.

Redemption-in-Kind. The Fund generally pays redemption proceeds in cash. However, under unusual conditions that make the payment of cash unwise (and for the protection of the Fund’s remaining shareholders), the Fund may pay all or part of a shareholder’s redemption proceeds in portfolio securities with a market value equal to the redemption price (redemption-in-kind).

Specifically, if the amount you are redeeming from the Fund during any 90-day period is in excess of the lesser of \$250,000 or 1% of the Fund’s net assets, valued at the beginning of such period, the Fund has the right to redeem your shares by giving you the amount that exceeds this threshold in securities instead of cash. If the Fund pays your redemption proceeds by a distribution of securities, you could incur brokerage or other charges in converting the securities to cash, and you may incur a taxable capital gain or loss as a result of the distribution. In addition, you will bear any market risks associated with such securities until they are converted into cash.

Cancellations and Modifications. The Fund will not accept a request to cancel or modify a written transaction once processing has begun. Please exercise care when placing a transaction request.

Dividends and Distributions

The Fund will make distributions of net investment income and net capital gains, if any, at least annually, typically during the month of December. The Fund may make additional distributions if deemed to be desirable at other times during the year.

All distributions will be reinvested in Fund shares unless you choose one of the following options: (1) receive distributions of net capital gains in cash, while reinvesting net investment income distributions in additional Fund shares; (2) receive all distributions in cash; or (3) reinvest net capital gain distributions in additional Fund shares, while receiving distributions of net investment income in cash.

If you wish to change your distribution option, write or call the Transfer Agent at 855-656-3017 in advance of the payment date of the distribution. However, any such change will be effective only as to distributions for which the record date is five or more calendar days after the Transfer Agent has received your request.

If you elect to receive distributions in cash and the U.S. Postal Service is unable to deliver your check, or if a check remains uncashed for six months, the Fund reserves the right to reinvest the distribution check in your account at the Fund's then current NAV per share and to reinvest all subsequent distributions.

Class Descriptions

The Fund currently offers two different classes of shares, Investor Class shares and Institutional Class shares. The different classes of shares represent investments in the same portfolio of securities but are subject to different expenses, which may affect their performance. The classes also differ with respect to their investment minimums.

Investor Class shares impose a Rule 12b-1 fee that is assessed against the assets of the Fund attributable to that class of up to 0.25%. See "Rule 12b-1 Distribution Fees" below for further information. Investor Class and Institutional Class shares impose a shareholder servicing fee that is assessed against the assets of the Fund attributable to those classes of up to 0.15%. Institutional Class shares do not pay a Rule 12b-1 fee. Investor Class shares may be converted to Institutional Class shares if your account balance exceeds the initial minimum investment for Institutional Class shares.

Tools to Combat Frequent Transactions

The Fund is intended for long-term investors. Short-term "market-timers" who engage in frequent purchases and redemptions may disrupt the Fund's investment program and create additional transaction costs that are borne by all of the Fund's shareholders. The Board has adopted policies and procedures that are designed to discourage excessive, short-term trading and other abusive trading practices that may disrupt portfolio management strategies and harm performance. The Fund takes steps to reduce the frequency and effect of these activities in the Fund. These steps include, among other things, monitoring trading activity and using fair value pricing. Although these efforts are designed to discourage abusive trading practices, these tools cannot eliminate the possibility that such activity will occur. The Fund implements these tools to the best of its ability and in a manner that it believes is consistent with shareholder interests. Except as noted herein, the Fund applies all restrictions uniformly in all applicable cases.

Monitoring Trading Practices. The Fund monitors selected trades in an effort to detect excessive short-term trading activities. If, as a result of this monitoring, the Fund believes that a shareholder has engaged in excessive short-term trading, it may, in its discretion, ask the shareholder to stop such activities or refuse to process purchases in the shareholder's accounts. In making such judgments, the Fund seeks to

act in a manner that it believes is consistent with the best interests of its shareholders. The Fund uses a variety of techniques to monitor for and detect abusive trading practices. These techniques may change from time to time as determined by the Fund in its sole discretion. To minimize harm to the Fund and its shareholders, the Fund reserves the right to reject any purchase order (but not a redemption request), in whole or in part, for any reason and without prior notice. The Fund may decide to restrict purchase and sale activity in its shares based on various factors, including whether frequent purchase and sale activity will disrupt portfolio management strategies and adversely affect Fund performance.

Fair Value Pricing. The Fund employs fair value pricing selectively to ensure greater accuracy in its daily NAV and to prevent dilution by frequent traders or market timers who seek to take advantage of temporary market anomalies. The Board has developed procedures which utilize fair value pricing when reliable market quotations are not readily available or when corporate events, events in the securities market and/or world events cause the Adviser to believe that a security's last sale price may not reflect its actual market value. Valuing securities at fair value involves reliance on judgment. Fair value determinations are made in good faith in accordance with procedures adopted by the Board. There can be no assurance that the Fund will obtain the fair value assigned to a security if it were to sell the security at approximately the time at which the Fund determines its NAV per share. More detailed information regarding fair value pricing can be found in this Prospectus under the heading entitled "Pricing of Fund Shares."

Due to the complexity and subjectivity involved in identifying abusive trading activity and the volume of shareholder transactions the Fund handles, there can be no assurance that the Fund's efforts will identify all trades or trading practices that may be considered abusive. In particular, since the Fund receives purchase and sale orders through Authorized Intermediaries that use group or omnibus accounts, the Fund cannot always detect frequent trading. However, the Fund will work with Authorized Intermediaries as necessary to discourage shareholders from engaging in abusive trading practices and to impose restrictions on excessive trades. In this regard, the Fund has entered into information sharing agreements with Authorized Intermediaries pursuant to which these intermediaries are required to provide to the Fund, at the Fund's request, certain information relating to their customers investing in the Fund through non-disclosed or omnibus accounts. The Fund will use this information to attempt to identify abusive trading practices. Authorized Intermediaries are contractually required to follow any instructions from the Fund to restrict or prohibit future purchases from shareholders that are found to have engaged in abusive trading in violation of the Fund's policies. However, the Fund cannot guarantee the accuracy of the information provided to it from Authorized Intermediaries and cannot ensure that it will always be able to detect abusive trading practices that occur through non-disclosed and omnibus accounts. As a result, the Fund's ability to monitor and discourage abusive trading practices in non-disclosed and omnibus accounts may be limited.

Tax Consequences

Distributions of the Fund's net investment company taxable income (which includes, but is not limited to, interest, dividends, net short-term capital gains and net gains from foreign currency transactions), if any, are generally taxable to the Fund's shareholders as ordinary income. To the extent the Fund's distributions of net investment company taxable income are designated as attributable to "qualified dividend" income, such income may be subject to tax at the reduced rate of federal income tax applicable to non-corporate shareholders for net long-term capital gains, if certain holding period requirements have been satisfied by the shareholder. To the extent that the Fund's distributions of net investment company taxable income are attributable to net short-term capital gains, such distributions will be treated as ordinary dividend income for the purposes of income tax reporting and will not be available to offset a shareholder's capital losses from other investments.

Distributions of net capital gains (net long-term capital gains less net short-term capital losses) are generally taxable as long-term capital gains (currently at a maximum federal rate of 20% for individual shareholders in the highest income tax bracket) regardless of the length of time that a shareholder has owned Fund shares, unless you are a tax-exempt organization or are investing through a tax-advantaged arrangement such as a 401(k) plan or individual retirement account.

Pursuant to provisions of the Health Care and Education Reconciliation Act, a 3.8% Medicare tax on net investment income (including capital gains and dividends) will also be imposed on individuals, estates and trusts, subject to certain income thresholds.

You will be taxed in the same manner whether you receive your distributions (whether of net investment company taxable income or net capital gains) in cash or reinvest them in additional Fund shares. Distributions are generally taxable when received. However, distributions declared in October, November or December to shareholders of record on a date in such a month and paid the following January are taxable as if received on December 31.

Shareholders who sell, or redeem, shares generally will have a capital gain or loss from the sale or redemption. The amount of the gain or loss and the applicable rate of federal income tax will depend generally upon the amount paid for the shares, the amount of reinvested taxable distributions, if any, the amount received from the sale or redemption and how long the shares were held by a shareholder. Any loss arising from the sale or redemption of shares held for six months or less, however, is treated as a long-term capital loss to the extent of any amounts treated as distributions of net capital gain received on such shares. In determining the holding period of such shares for this purpose, any period during which your risk of loss is offset by means of options, short sales or similar transactions is not counted. If you purchase Fund shares within 30 days before or after redeeming other Fund shares at a loss, all or part of that loss will not be deductible and will instead increase the basis of the newly purchased shares.

Shareholders will be advised annually as to the federal tax status of all distributions made by the Fund for the preceding year. Distributions by the Fund and gains from the sale of Fund shares may also be subject to state and local taxes. Additional tax information may be found in the SAI.

This section assumes you are a U.S. shareholder and is not intended to be a full discussion of federal tax laws and the effect of such laws on you. There may be other federal, state, foreign or local tax considerations applicable to a particular investor. You are urged to consult your own tax advisor.

Other Fund Policies

Telephone Transactions. If you accepted telephone transactions on your Account Application or have been authorized to perform telephone transactions by subsequent arrangement in writing with the Fund, you may be responsible for fraudulent telephone orders made to your account as long as the Fund has taken reasonable precautions to verify your identity. In addition, once you place a telephone transaction request, it cannot be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m. Eastern time).

Telephone trades must be received by or prior to the close of the NYSE (generally 4:00 p.m., Eastern Time). Please allow sufficient time to ensure that you will be able to complete your telephone transaction prior to the close of the NYSE.

Policies of Other Financial Intermediaries. Financial intermediaries may establish policies that differ from those of the Fund. For example, the institution may charge transaction fees, set higher minimum investments or impose certain limitations on buying or selling shares in addition to those identified in this Prospectus. Please contact your financial intermediary for details.

Closing the Fund. The Board retains the right to close (or partially close) the Fund to new purchases if it is determined to be in the best interest of the Fund’s shareholders. Based on market and Fund conditions, and in consultation with the Adviser, the Board may decide to close the Fund to new investors, all investors or certain classes of investors (such as fund supermarkets) at any time. If the Fund is closed to new purchases it will continue to honor redemption requests, unless the right to redeem shares has been temporarily suspended as permitted by federal law.

Householding. In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses and annual and semi-annual reports you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders the Fund reasonably believes are from the same family or household. If you would like to discontinue householding for your accounts, please call toll-free at 855-656-3017 to request individual copies of these documents. Once the Fund receives notice to stop householding, the Fund will begin sending individual copies 30 days after receiving your request. This policy does not apply to account statements.

Lost Shareholders, Inactive Accounts and Unclaimed Property. It is important that the Fund maintains a correct address for each shareholder. An incorrect address may cause a shareholder’s account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the shareholder or rightful owner of the account. If the Fund is unable to locate the shareholder, then they will determine whether the shareholder’s account can legally be considered abandoned. Your mutual fund account may be transferred to the state government of your state of residence if no activity occurs within your account during the “inactivity period” specified in your state’s abandoned property laws. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state’s unclaimed property administrator in accordance with statutory requirements. The shareholder’s last known address of record determines which state has jurisdiction. Please proactively contact the Transfer Agent toll-free at 855-656-3017 at least annually to ensure your account remains in active status.

If you are a resident of the state of Texas, you may designate a representative to receive notifications that, due to inactivity, your mutual fund account assets may be delivered to the Texas Comptroller. Please contact the Transfer Agent if you wish to complete a Texas Designation of Representative form.

Distribution of Fund Shares

The Distributor

Forside Fund Services, LLC (the “Distributor”) is located at Three Canal Plaza, Suite 100, Portland, Maine 04101, and serves as distributor and principal underwriter to the Fund. The Distributor is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc. Shares of the Fund are offered on a continuous basis.

Rule 12b-1 Distribution Fees

The Trust has adopted a Rule 12b-1 plan under which the Fund is authorized to pay to the Distributor, or such other entities as approved by the Board, as compensation for the distribution-related services provided by such entities, an aggregate fee of up to 0.25% of the average daily net assets of the Fund’s Investor Class shares. The Distributor may pay any or all amounts received under the Rule 12b-1 Plan to other persons, including the Adviser or its affiliates, for any distribution service or activity designed to retain Fund shareholders.

Because the distribution fee is paid on an ongoing basis, your investment cost over time may be higher than paying other types of sales charges.

Shareholder Servicing Plan Fees

The Trust has adopted a Shareholder Servicing Plan under which the Institutional and Investor Class of the Fund may pay a shareholder servicing fee of up to 0.15% of each class' respective average daily net assets for non-distribution personal shareholder services provided to the Fund by financial institutions, including the Adviser or its affiliates. Non-distribution personal shareholder services for which such fees are paid may include: establishing and maintaining shareholder accounts; processing subscriptions, redemptions, distributions, and tax reports; forwarding communications from the Fund to its shareholders; responding to shareholder inquiries; and making modifications to shareholder account records and options.

Payments to Financial Intermediaries

The Fund may pay service fees to intermediaries, such as banks, broker-dealers, financial advisors or other financial institutions, including affiliates of the Adviser, for sub-administration, sub-transfer agency and other shareholder services associated with shareholders whose shares are held of record in omnibus accounts, other group accounts or accounts traded through registered securities clearing agents.

The Adviser, out of its own resources and without additional cost to the Fund or its shareholders, may provide additional cash payments to intermediaries who sell shares of the Fund. These payments and compensation are in addition to service fees paid by the Fund, if any. Payments are generally made to intermediaries that provide shareholder servicing, marketing support or access to sales meetings, sales representatives and management representatives of the intermediary. Payments may also be paid to intermediaries for inclusion of the Fund on a sales list, including a preferred or select sales list or in other sales programs. Compensation may be paid as an expense reimbursement in cases in which the intermediary provides shareholder services to the Fund. The Adviser may also pay cash compensation in the form of finder's fees that vary depending on the dollar amount of the shares sold.

Financial Highlights

The financial highlights in the following tables are intended to help you understand the financial performance of the Fund's Investor Class and Institutional Class for the fiscal periods indicated. Certain information reflects financial results for a single Fund share. The total returns in each table represent the rate that an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been derived from the financial statements audited by Cohen & Company, Ltd., the Fund's independent registered public accounting firm, whose report, along with the Fund's financial statements, are included in the annual report, which is available upon request or on the Fund's website at <http://friess.com/friess-small-cap-growth-fund/>.

For a Fund share outstanding throughout the period.

Investor Class	Fiscal Period Inception ⁽¹⁾ through December 31, 2017

PRIVACY NOTICE

The Fund collects only relevant information about you that the law allows or requires it to have in order to conduct its business and properly service you. The Fund collects financial and personal information about you (“Personal Information”) directly (e.g., information on account applications and other forms, such as your name, address, and social security number, and information provided to access account information or conduct account transactions online, such as password, account number, e-mail address, and alternate telephone number), and indirectly (e.g., information about your transactions with us, such as transaction amounts, account balance and account holdings).

The Fund does not disclose any non-public personal information about its shareholders or former shareholders other than for everyday business purposes such as to process a transaction, service an account, respond to court orders and legal investigations or as otherwise permitted by law. Third parties that may receive this information include companies that provide transfer agency, technology and administrative services to the Fund, as well as the Fund’s investment Adviser or Sub-Adviser who are affiliates of the Fund. If you maintain a retirement/educational custodial account directly with the Fund, we may also disclose your Personal Information to the custodian for that account for shareholder servicing purposes. The Fund limits access to your Personal Information provided to unaffiliated third parties to information necessary to carry out their assigned responsibilities to the Fund. All shareholder records will be disposed of in accordance with applicable law. The Fund maintains physical, electronic and procedural safeguards to protect your Personal Information and requires its third party service providers with access to such information to treat your Personal Information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank, credit union or trust company, the privacy policy of your financial intermediary governs how your non-public personal information is shared with unaffiliated third parties.

Friess Small Cap Growth Fund

Series of Managed Portfolio Series

FOR MORE INFORMATION

You can find more information about the Fund in the following documents:

Statement of Additional Information

The SAI provides additional details about the investments and techniques of the Fund and certain other additional information. A current SAI is on file with the SEC and is incorporated into this Prospectus by reference. This means that the SAI is legally considered a part of this Prospectus even though it is not physically within this Prospectus.

Annual and Semi-Annual Reports

The Fund's annual and semi-annual reports to shareholders contain additional information about the Fund's investments. The annual reports contain a discussion of the market conditions and investment strategies that affected the Fund's performance during the Fund's prior fiscal period.

You can obtain a free copy of these documents and the SAI, request other information, or make general inquiries about the Fund by calling the Fund (toll-free) at 855-656-3017, by visiting the Fund's website at www.friessfunds.com or by writing to:
